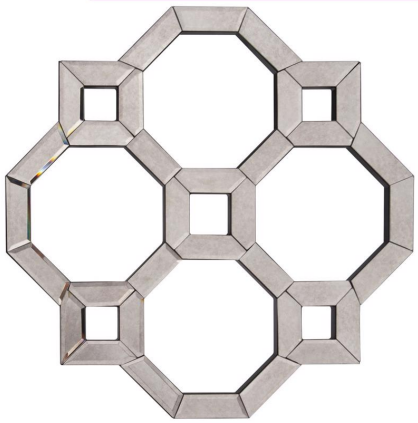
MHE29066 – Antoni Geometric Mirror



Designing with geometrical shapes has been used to develop some of the most intriguing works of art throughout time. From simple to intricate each design uses the simplest of linear dimensions to give depth and interest to each. The Antoni Geometric mirror gives us a prime example of such shapes that are combined together to create a marvelous patterned effect. Completed and finished in antique mirror this small piece, when several are grouped together, can turn an ordinary wall into something that is extraordinary.
