MHE55000 – Coined Mirror

As I was walking through the streets of Barcelona, I came upon a walled garden near the sea. They had constructed the wall with hundreds of small round metal discs embedded into the top of the wall. The texture and appearance of this technique was the inspiration of the Coined Mirror frame. Weathered copper finished coins surround the round frame of the mirror. D-rings are affixed to the back of the frame so it is ready to hang right out of the box.
