MHE8427 – Gentry Mirror

A classic is a classic for a reason, and trying to re-invent that classic is a real challenge. One of the best ways that we achieve this is by incorporating new materials and finishes, but keeping the classic shape. Take for instance our Gentry Mirror. The classic arch shape is updated with a graphite iron frame highlighted by a bright silver inset. Keyhole attachments are manufactured into the back of the frame so it is ready to hang right out of the box!
