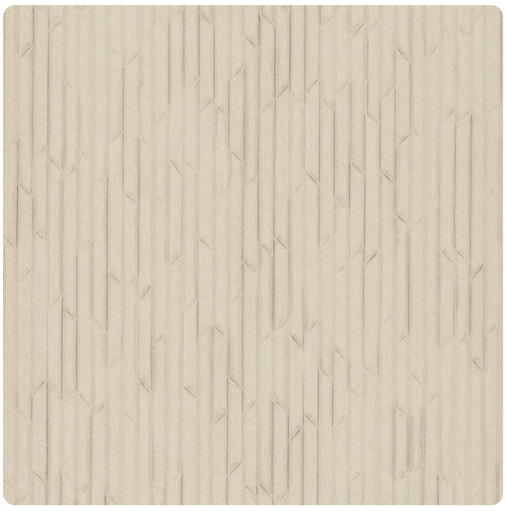
Circuit

MRE1591 – Glimmer



Other Available Colors:

The deep, shadowed embossed of pattern Circuit creates an angular, vertical cascade washed with pearled color, for an industrial mix of rustic patina and shimmer. The eleven-color palette of earth tones is inspired by natural building materials and clay pipe. Printed on a vinyl surface with non-woven substrate backing, this highly durable commercial wallcovering smooths effortlessly, is easy to remove, and meets Type II requirements of CCC-W-408A.
