

## Dimension Ceiling Technical Information

### GENERAL INFORMATION:

#### Description:

- Dimension Ceiling Tiles are formed thermoplastic tiles with stain and impact resistance. The panels are available in over 40 textures for 2'x2' lay in applications. There are matte and gloss options in 45 different finishes. They can be used as a decorative product where other acoustical 2'x2' lay in ceiling tiles are typically used.
- Tiles can easily be cut to size with razor knives or scissors.
- Size (nominal) - 2' x 2' x .030" (610 x 610 x .76 mm). This is a dimensional product, so actual thickness varies by pattern.
- Product ships with clear protective film.
- UPS Shippable
