

Dimension Walls

Care & Maintenance

Remove surface dirt and soiling conditions, using a soft clean sponge and lukewarm water. Rinse with clear, clean water. If conditions persist, use a mild liquid detergent and rinse with clean water. After washing and rinsing, be sure to dry the surface by blotting with a damp cloth or chamois to prevent streaking and water spots. You may also dust the surface with a soft, damp cloth or chamois and wipe the surface gently. Avoid hard rubbing and never use any abrasive cleaners, as this may damage the material.
