MCO1974 – Malachite

Candice Olson Couture

Lightly textured with thin-as-thread ripples, this wallcovering also has color striations; some in tonal shades and some in metallic inks. The ridges and contrasting colors run vertically on the thirteen variations. Among them is Malachite, a periwinkle blue with golden highlights, or Nickle, in various shades of foggy grey with shimmering silver streaks. Composed of vinyl, durability and washability are hallmarks of this subtle and handsome pattern.
