

Quartered Northern Pine NFW1001

Natural Woods

MDC Natural Woods are created through a special process which permits one source of wood to realistically reproduce the wood grains and colors of numerous natural woods without using the authentic endangered or over-harvested species. This process minimizes waste, ensures maximum yield, and protects the natural forest woods from being depleted.

Specifications

Content Wood Veneer
Width 24"
Type Medium
Backing Scrim
Pattern Match Random reversible
Fire Rating Class A
Flame Spread 20
Smoke Developed 5
