RKE1902 – Ecru

Acoustical Resource

Let Kline, a comforting woven blanket, cover your wall and create a quiet, inviting space. The natural color palette, combined with heavy slubs, creates a warm, but peaceful environment, while the individual tones can brighten your wall.

This wallcovering features Fosshield, an advanced FDA cleared antimicrobial technology incorporating silver and copper ions into the fiber, which naturally attack microbes, delivering surface protection in addition to reducing the growth of bacteria, mold, mildew and odor.
