

Rockwell

ROK1809 – Conch

Acoustical Resource

Rockwell is new to the MDC Acoustical collection, adding a sponge-like appearance to a familiar covering. The porous appearance adds an extra dimension to the organic tones of the palette.

This wallcovering features Fosshield, an advanced FDA cleared antimicrobial technology incorporating silver and copper ions into the fiber, which naturally attack microbes, delivering surface protection in addition to reducing the growth of bacteria, mold, mildew and odor.
