

Abalone

TFC1179 – Frost

Thom Filicia

“Distinctly Dynamic & Uniquely Personalized”

Like breaking open a geode, Abalone is full of surprising patterns and illuminating color. The use of Mylar adds a note of eye-catching sophistication, and the result is a subtly metallic masterpiece. Among the seven earthy pallets is Verde, with shiny silver and brilliant turquoise, and Lava, in fiery tones of reds, oranges and gold.
