

Julian

EJU3202 – Dragonfly

Encore

Color shifts and shimmers in this new design for Encore. Highlighting a ribbon-like embossing, Julian is a dressy option for retail, healthcare and hospitality. Two colors mix and overlap to create additional hues when the light reflects from various angles. When shown in rich saturated color such as spruce, pumpkin and fireside, Julian is elegant and formal. It would make a perfect retail backdrop. Lighter values such as candle and crepe speak of volume potential for fitting rooms or hotel baths.
