

Zayne

MCO2003 – Glacier

Candice Olson Couture

This distinctive random pattern resembles wind-blown clouds shredded across an endless sky. The horizontal shards of contrasting color, including silver on grey or black with beige, add interest, as does the slight sheen of the finish. Composed of lightly textured vinyl for practicality as well as beauty, this wallcovering is durable, washable, suitable for high-traffic areas, and available in seven handsome variations.

Specifications

Content Fabric-backed Vinyl

Width 54"
