

Linx

MCO2286 – Slate

Candice Olson Couture

Diminutive cabled texture supports the elongated tiles of pattern Linx, giving this urban geometric the impression of a chain link of diamonds and octagons. The seven-color palette of mineral and earth tones creates a low contrast effect of subtle shine with softened, contemporary glamour. Printed on a vinyl surface with non-woven substrate backing, this highly durable commercial wallcovering smooths effortlessly, is easy to remove, and meets Type II requirements of CCC-W-408A.
