

Over The Moon

MDD3291 – Northern Lights

Design Gallery Inspired Art

Diminutive ovals, artistically rendered in a delicate, uneven brushstroke, form all over patterning, softened by thin metallic strands which horizontally cascade throughout. The effect is that of a waterfall of warm subtle shimmer which sparkles as the observer moves within the light. Available in a diverse palette of nine colors, this newest offering from Design Gallery Inspired Art releases in January 2017.
