MHE130010 – Uni Sculpture

The Uni sculpture was inspired by the early works of a French artist Robert Uni. His works featured natural materials, which he believe all contained positive energy. The shape and structure of our Uni sculpture as inspired by his works in the 1950's and early 1960's. We selected a beautiful marble stone for it's simple elegance and the shape as an inverted U was to treasure the power of the stone. It is a wonder example of mid-century art which has become timeless for the ages.
