MHE130039 – Callisto Bulbous Glass Vase

This vase boasts an unconventional round shape that plays with asymmetry, creating an eye-catching and dynamic focal point for your decor. Its surface is adorned with a mesmerizing blend of black, gold, and bronze textured paint, evoking the essence of modern artistry. The interplay of these metallic hues adds depth and visual intrigue, making it an artful addition to any room. This vase isn't just a vessel for flowers; it's a sculptural masterpiece that invites you to explore the realms of design, where abstract expressionism meets functional elegance.
