Mirrors

MHE14357 – Pablo Rectangular Mirror

Wooden building blocks from my childhood got me thinking of how to incorporate the geometric shapes into a product with a modern twist. Combined with a gray wash, the wood grain shines giving the Pablo Mirror its warm feel. The rectangular wood frame has a dimensional look covered in a mosaic of triangular wooden blocks. D-rings are affixed to the back of the mirror so it is ready to hang right out of the box in either a horizontal or vertical orientation! The mirrored glass on this piece has a bevel adding to its beauty and style. Also available in a round shape.
