Mirrors

MHE170084 – Trexell Mirror

A truly unique statement piece that defies conventional design. With its frameless design and versatile hanging options in both vertical and horizontal orientations, this mirror offers endless possibilities for styling. The oval shape is complemented by a rectangular brushed gold piece in the middle, creating the illusion of two half-oval pieces connected together. This distinctive feature gives the mirror a striking appearance, reminiscent of a cave between the two halves.
