MHE190022 – Live Edge Round Clock

This unique timepiece features a matte black frame that encircles the clock face, providing a bold and contemporary backdrop. In the center, a rich wood-colored piece gracefully pierces through the frame, creating an intriguing visual contrast. The wood appears to float within the frame, adding warmth and organic beauty to the composition. With matching matte black hands that sweep across the clock face, this piece not only keeps you punctual but also serves as an artistic statement, inviting you to appreciate the harmonious marriage of materials and design.
