Accessories

MHE190023 – Helix Wooden Square Clock

Elevate your wall decor with a stunning timepiece that combines the elegance of wood with modern design sensibilities. The clock features a square wooden face in a rich, deep color, providing a warm and inviting focal point. Adding a touch of contemporary flair, a thin black frame encircles the face, enhancing its presence and defining its edges. What sets this clock apart is the square swirl that flows through the wooden surface, adding depth and visual intrigue to the design. With matte black accents that include sleek hands and hour markers, this clock combines functionality with artistic beauty.
