Accessories

MHE35101 – Asymmetrical Aluminum Bronze Vase - Large

This piece is more sculpture than functional vase. It features a dramatic elongated body with a circular opening set in the middle of the main base and a great hammered texture. It is fashioned from aluminum and finished in a lovely deep bronze. Pair with the smaller size to complete the look for your decor. Alone or in multiples this vase will look great in any room where you need a punch of eclectic style.
