MHE35300 – Olive Leaf Side Table/Stool

The art of pressing and preserving foliage's and flowers for various works of art was the inspiration for the Olive Leaf Side Table. The pressed foliage of the olive tree was placed into a pattern that was eventually translated into cast aluminum. The ombre finish from dark to bright bronze was created by hand as each piece is constructed. The dual purpose of this side table or stool only increases the value of this accent piece in numerous interior design scopes.
