MHE44046 – Baltic Ruffled Vase- Large

From the deep cold waters of the sea to the rocky sandy shorelines, the inspiration for the Baltic ruffled small vase was begun. The unique wavey style of this hand crafted glass vase gave us a perfect or to create the colors and texture we saw in the sea. The textured base in it's beige color of the shore gives way to the rough white splashes as it eases into a calming blue. Overall the detailing of this vase raises its self to a new level of art glass.
