MHE44075 – Oxman Hypnotic Tall Glass Vase

This vase offers versatility for various design preferences and spaces. The black intricate rays create a unique aspect of the blown glass vase with pearl white detailing, reminiscent of beams of light piercing through darkness. Their glossy finish not only adds a touch of sophistication but also enhances the play of reflections. This vase stands as a testament to the captivating beauty of opposites, where light meets dark, simplicity meets intricacy, and form meets function.
