Accent Furniture

MHE45024 – Venchi End Table

The earthy color tones of amber, mocha, gold, and caramel are beau fully blended together to create an end table that is small in stature but delivers a big impact of style. Inlaid bone and mother of pearl is painstakingly applied by skilled artisans, who cut and polish each piece by hand. The addition of the brass finished metal base only highlights the overall rich glow that this end table seemingly gives off.
