MHE48145 – Yorkville Brass Vanity Mirror

The Yorkville Mirror was inspired by industrial loft windows in the upper east Manhattan neighborhood of Yorkville. The turn of the century style of multiple paneled windows feature rounded and curved muntin's that separate each pane of glass. This mirror features the same frame profile in stainless steel, in brushed brass. D-rings are affixed to the back of the mirror so it is ready to hang in either a vertical or horizontal orientation right out of the box! Additional sizes and finishes available.
