## MHE51389 – Albrecht Glass Candleholder

The Albrecht glass collection was inspired by a showing of abstract contemporary art, that was being shown at a gallery in Europe. our take on this was to show movement with the contrast between the white, gray, and black colors. We once again took classic shapes and redefined them to update the style to fit today's modern living. The glass candleholder with it's touch of polished silver in the top ring sets the mood in candle light for any occasion from intimate dining to large celebration.

### Specifications
