MHE51403 – Albrecht Thin Necked Glass Vase- Large

The Albrecht collection was inspired by a showing of abstract contemporary art, that was being shown at a gallery in Europe. Our take on this was to show movement with the contrast between the white, gray, and black colors. Once aging we took classic shapes and redefined them to update the style for todays modern living. The thin necked glass vases, with the polished stainless-steel tops, is a great addition to a shelf or table top.
