MHE64108 – In the News Recycled Wall Art

Growing up with parents that were teachers, many days and nights were spent reading and studying in the library. My love of books and the feel of being in that library is in a small way represented in In the News Wall Art. Corners of magazines are repurposed into a magnificent work of art set under glass in an ebony black frame. D-rings are affixed to the back of the mirror so it is ready to hang right out of the box.

Specifications
