MHE64109 – Topstitch Tiled Wall Art

The great thing about art is that inspiration can be found everywhere. In a recent visit to London, the beautiful tile work in the Hyde Park tube station caught my eye. The black and white tiles in their random pattern seemed to personify contemporary life as we know it today. I brought that vision back and created Topstitch Tiled Wall Art. D-rings are affixed to the back of the mirror so it is ready to hang right out of the box.
