MHE89111 – Cross Hatched
Sea Blue Ceramic Flat Vase

Accessories

The Arts and Crafts movement was an international trend that began in Britain and flourished throughout Europe and North America between 1880 and 1920. This artisan movement inspired the simple angular lines and the cross hatch texture of this flat vase. It is characterized by the use of a warm teal glaze off set by a textured neutral glaze. Designers will value the style and design as an important tool to complete their design vision. Pair with the other pieces in the collection to complete the look!
