MHE92285 – Spring Emerges Hand Painted Original Art

Spring Emerges Hand Painted Canvas Wall Art started as a completely white textured canvas representing the cold, stark colors of winter. Now, introduce bold splashes of color mixed randomly by hand on the canvas as though the first spring bulbs emerge from a long winter sleep, exploding with color. Thick layers of paint are hand applied to create movement and texture. Because it is hand painted, no two pieces of art will be exactly the same. The gallery wrapped canvas is set into a floating black wood frame. Hardware is attached so the back of the art so that it is ready to hang right out of the box in either a horizontal or vertical orientation!
