MHE92307 – Bridge to Nowhere Hand Painted Original Art

As I walked through the mist covered botanical gardens, I came upon a water lily covered pond. The rising sun had yet to burn off the morning mist that partially covered the foot bridge that spanned across the water. The bridge seemed to mysteriously disappear into the mist. Thick layers of paint are hand applied to create movement and texture. Because this is an original hand painted work of art, no two pieces of art will be exactly the same. The gallery wrapped canvas is set into a floating black wood frame. Hardware is attached so the back of the art so that it is ready to hang right out of the box!
