MHE92311 – Abstract For Far Hand Painted Original Art

A ticker tape parade in New York was the inspiration for this POP of color. I was standing alongside a white brick building and watching the colors of the ticker tapes as they stuck to the damp wall creating their own work of art. Thick layers of paint are hand applied to create movement and texture. Because it is hand painted, no two pieces of art will be exactly the same. The gallery wrapped canvas is set into a floating silver leaf wood frame. Hardware is attached so the back of the art so that it is ready to hang right out of the box in either a horizontal or vertical orientation!
