MHE92329 – Red Moon Hand Painted Original Art

The fluid waves of the ocean stirred my imagination as color was introduced by the passing of colorful boats and parasailers. The result is shown here as color explodes into a colorful representation. Thick layers of paint are hand applied to create movement and texture. Because it is hand painted, no two pieces of art will be exactly the same. The gallery wrapped canvas is set into a floating black wood frame. Hardware is attached so the back of the art so that it is ready to hang right out of the box!
