MHE92359 – Mid Century Thinker Hand Painted Original Art

The styles and design of the mid century period has intrigued me for years. Mid Century Thinker symbolizes the freedom of ingurgitation and flow of thought that the modern age brought to artists. Thick layers of paint are hand applied to create movement and texture. Because it is hand painted, no two pieces of art will be exactly the same. The gallery wrapped canvas is set into a floating black wood frame.
