Rectangular Mirror Small

Mirrors

The Wexford mirrors were inspired by the late 1800's gentleman's barbershop mirrors found throughout England. The hand forged iron brackets finished in a oil rubbed bronze styled finish allows the mirrors to be mounted off the wall. The small sized elongated rectangular mirror acts as an excellent mirror for a small power room or anywhere where space is limited. The styling of the Wexford collection recreates a nostalgic feel which is still a big part of today's designer trends.
