Accessories

MHE99013 – Rounded Mirrored Vase - Small

This mirrored vase is simple, yet elegant and full of style. It features a curvy shape with beveled mirrors on the front and back surface. The sides are composed of small mirrored panels. This vase looks great on its own or paired with the larger size. Make your floral arrangement look even fuller with a mirrored vase! The reflections will make it look like you have twice as many stems as you do!
