MRE1531 – Fog Transit

Other Available Colors:

An organically inspired horizontal texture, punctuated with sheen and metallic touches, has the textural hand and visual impression of a natural grass or woven. This perception is increased by an eleven-color palette which uses ground colors derivative of earth-based dyes. Printed on a vinyl surface with non-woven substrate backing, this highly durable commercial wallcovering smooths effortlessly, is easy to remove, and meets Type II requirements of CCC-W-408A.
