

Evolution

Y46416EV – Nature

Other Available Colors:

Evolution is the answer to nature meets technology. The intertwining design looks like nature's kaleidoscope imagery. If you look very closely, there is a futuristic element with just a touch of metallic. This gives the design connectivity as everything is tied together. Grounded with timeless sophistication, Evolution is the latest trend in the constantly changing design world; highlighted at boutique design shows. The textured emboss gives it a fabric-like quality. MDC has distribution rights of this product in select states as detailed below.
